OHIP Billing: Virtual Care

Quick Reference Guide

This guide will help you understand how to bill virtual care appropriately to minimize missed revenue.

What codes can I bill for virtual care services?

Physicians can only bill the codes qualified under Comprehensive Virtual Care Services or Limited Virtual Care Services.

What are Comprehensive Virtual Care Services?

Comprehensive Virtual Care Services are services that can be billed if the patient has an existing/ongoing patient-physician relationship. This means that the patient is enrolled to the provider or with another provider within the same group, or the patient has been seen in person over the past 24 months. Any codes ([on page 4 of our guide](#)) in Section 1 of Appendix J in the Schedule of Benefits are billable.

What are Limited Virtual Care Services?

Limited Virtual Care Services are billed for patients who are not enrolled and have not been seen in person in the preceding 24 months. The two codes (listed below) in Section 2 of Appendix J in the Schedule of Benefits are billable.

Code	Description	Value
A101	Limited virtual care by Video	\$20
A102	Limited virtual care by Telephone	\$15

What are the billing requirements?

Key Billing Requirements:

- Existing Schedule Requirements** – will apply to all virtual care services.
- Appropriateness** – virtual care services are not eligible for payment where it is not medically appropriate to provide the services without a direct physical encounter.
- Video Services** – must be performed using a [Verified Virtual Visit Solution](#).
- Geographic Location** – the physician and patient must be located in Ontario during the visit.

For more information on the billing criteria for virtual care, view the [Schedule of Benefits here](#).

Examples

A physician meets a patient through video for a minor assessment who is not enrolled to them. In addition, they have not seen this patient in person in the past 24 months. What do you bill?

Bill the Limited Virtual Care service code A101A for video services.

A101A = \$20

A physician meets an enrolled patient through telephone for a minor assessment. What do you bill?

Bill the code A001A for the minor assessment plus the modality code K301A to indicate that the visit was completed through telephone. Since the physician is a FHO physician providing an in-basket service over telephone to an enrolled patient, they will be paid 15% of the 85% of the fee submitted.

$A001A + K301A = (\$23.75 \times 85\%) \times 15\% = \3.03
