

Virtual Care Billing Guide

www.doctorcare.ca

Billing Hotline: 1-844-224-6244 Email: info@doctorcare.ca

Effective December 1, 2022, a new virtual care funding framework has been implemented. This guide will help you understand how to bill for virtual care.

Challenge

DoctorCare Best Practices and Recommendations

What codes can I bill for virtual care services?

Effective December 1, 2022, physicians can only bill the codes qualified under Comprehensive Virtual Care Services or Limited Virtual Care Services.

What are Comprehensive Virtual Care Services?

Comprehensive Virtual Care Services are services that can be billed if the patient has an existing/ongoing patient-physician relationship. This means that the patient is enrolled to the provider or with another provider within the same group, or the patient has been seen in person over the past 24 months. Any codes ([on page 3 of our guide](#)) in Section 1 of Appendix J in the Schedule of Benefits are billable.

What is Limited Virtual Care Services?

Limited Virtual Care Services are billed for patients who are not enrolled and have not been seen in person in the preceding 24 months. The two codes (listed below) in Section 2 of Appendix J in the Schedule of Benefits are billable.

Code	Description	Value
A101	Limited virtual care by Video	\$20
A102	Limited virtual care by Telephone	\$15

What are the billing requirements?

Key Billing Requirements:

1. Existing Schedule Requirements – will apply to all virtual care services.
2. Appropriateness – virtual care services are not eligible for payment where it is not medically appropriate to provide the services without a direct physical encounter.
3. Video Services – must be performed using a [Verified Virtual Visit Solution](#).
4. Geographic Location – the physician and patient must be located in Ontario during the visit.

For more information on the billing criteria for virtual care, view the [Schedule of Benefits here](#).

Can I still use the K-codes to bill for virtual services?

The temporary virtual care K-codes (K080, K081, K082, K083, K092, K093, K094, K095) expires November 30, 2022, and will not be used to bill for any future virtual care services.

Physicians will have 6 months from the date of service to submit claims for payment for the three temporary uninsured community fee codes (K087, K088, and K089) for services provided up to and including March 31, 2023. Services provided after March 31, 2023, are not eligible for payment.

Challenge

DoctorCare Best Practices and Recommendations

What is the amount payable for virtual services?

Comprehensive Virtual Care Services (Existing Patient Relationship)

Mode	Payable Amount
Telephone*	85% of the fee amount
Video	100% of the fee amount

*except for K007, K005, K197 and K198 which will be payable at 95% of the corresponding in-person fee.

Limited Virtual Care Services (No Patient Relationship)

Mode	Payable Amount
Telephone	\$15
Video	\$20

How do I submit claims?

Comprehensive Virtual Care Services Billing Process

1. Submit the virtual service using the fee codes listed in Appendix J – Section 1 in the Schedule of Benefits.
2. Add the modality indicator to identify the technology used to deliver the service.

Modality Indicator Codes

Code	Description
K300A	Identifies Video technology used during the service.
K301A	Identifies Telephone technology (audio only) used during the service.

Limited Virtual Care Services Billing Process

1. Submit one of the two fee codes (A101 or A102).

Can I bill the After Hours premium?

Not all virtual care visit codes are eligible to be billed with the Q012 After Hours premium. If the following services are rendered virtually during after hours, then the Q012 can be added: A001A, A007A, A008A, K005A, K013A, K030A, and K033A.

Can I use the OTN platform?

Yes. Effective December 1, 2022, video visits delivered through the Ontario Virtual Care Program (OVCP) will be transitioned into the OHIP insured framework in accordance with the pricing structure, rates, and payment parameters outlined in the PSA.

To learn more about how to bill OTN Codes, [read our blog here](#).

What are the Comprehensive Virtual Services in Appendix J – Section 1 in the Schedule of Benefits?

Virtual Care Road Map

Virtual Care Services effective December 1, 2022

Codes to Bill for Virtual Care Services

Amount Payable for Virtual Care Services

Examples

A physician meets a patient through video for a minor assessment who is not enrolled to them. In addition, they have not seen this patient in person in the past 24 months. What do you bill?

Bill the Limited Virtual Care service code A101A for video services.

A101A = \$20

A physician meets an enrolled patient through telephone for a minor assessment. What do you bill?

Bill the code A001A for the minor assessment plus the modality code K301A to indicate that the visit was completed through telephone. Since the physician is a FHO physician providing an in-basket service over telephone to an enrolled patient, they will be paid 15% of the 85% of the fee submitted.

A001A + K301A = (\$23.75 X 85%) X 15% = \$3.03
